

PSSDC's Data Driven Intelligence (DDI) Working Group

Presentation to the Joint Councils

February 26, 2020

Purpose

- Report back on progress since the Joint Councils discussion in September 2019
- Seek approval of the Joint Councils on funding request to launch work on public acceptance

DDI Next Steps Presented at Sept meeting

- Ongoing
1. Continued implementation of Analytics Playbook engagement strategy to promote awareness and use across all jurisdictions. *
 2. Implementation via ICCS and DDI Working Group of “evergreen” approach to the playbook to include additional use cases.*
 3. Continue to advance awareness, and collaborative use of e-Vulnerability Index by two additional jurisdictions (Mar 31/ 20).
 4. Update governance model and membership to ensure equal representation of Federal, Provincial/Territorial and Municipal levels of government (Nov. 30/19).
 5. Development and presentation of research project proposal to identify jurisdictions (including international best practices) that have balanced social licence (to share data) with informing service delivery decision making (Nov 30/19).*
 6. Develop specific project proposal to document, explore and analyse the question of legislative barriers and data-sharing identified at February meeting. (Dec 31/19)
 7. Develop its call to action on a legislative framework, privacy and data sharing and report to the Table with options (Dec. 31/19).*

* As per RoD of February DM Meeting

Progress against Key Deliverables Since September 2019

1. Update governance model and membership to ensure equal representation of F/P/T/M

➤ **Progress – new co-chairs appointed**

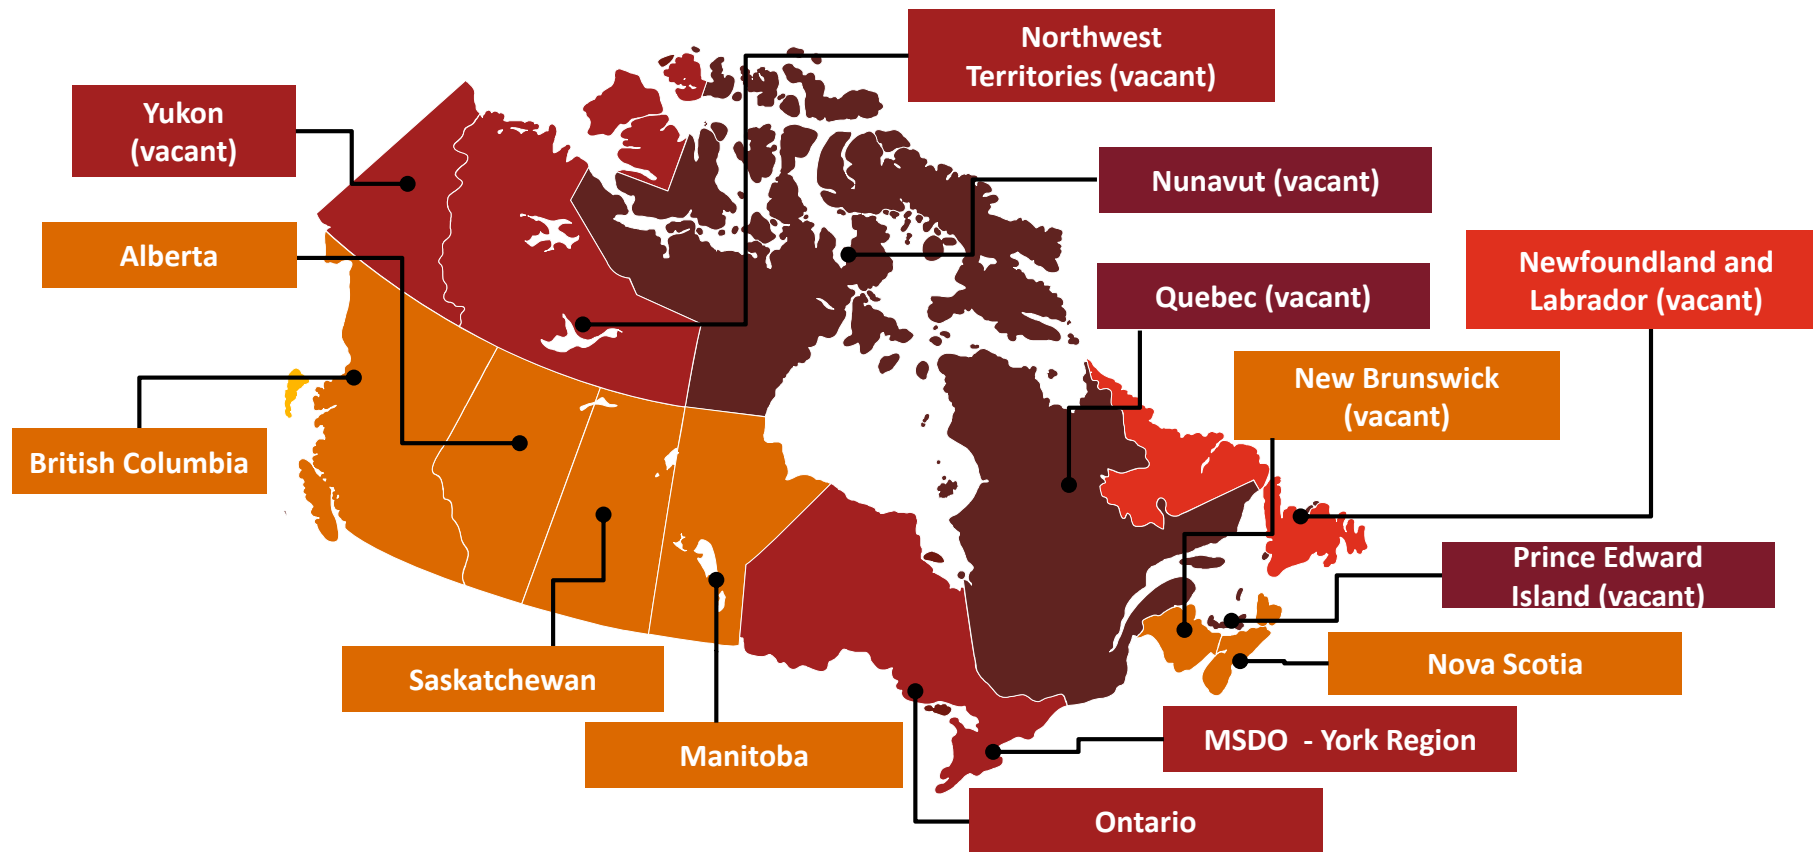

Co-Chairs:

1. **Sonya Read**, A/ADM, Digital Policy and Service, Office of the Chief Information Officer, Treasury Board of Canada Secretariat
2. **Kelly Fuessel**, Chief Technology Officer, Strategic Architecture Branch, Ministry of Central Services Information Technology Division, Government of Saskatchewan
3. **Andrew Satterthwaite**, Manager, Special Projects, Data, Analytics and Visualization Services Branch, Corporate Services, The Regional Municipality of York (MSDO)

Progress against key Deliverables Since September 2019

1. Update governance model and membership to ensure equal representation of F/P/T/M

Progress against Key Deliverables Since September 2019

2. Develop a work plan

➤ **Progress: Draft work plan developed**

Work plan themes:

1. Governance
2. Exploration of framework of issues related to providing integrated and seamless service across levels of government.
 1. Public Acceptance for the use of data to improve services
 2. Legislative, policy, and data sharing barriers affecting the advancement of key Joint Councils and PSSDC priorities
 3. Environmental scans
3. Analytics playbook

Next Step: Consultation and validation of draft work plan

Progress against Key Deliverables Since September 2019

3. Develop a research project proposal to identify jurisdictions that have balanced social license with informing service delivery decision-making

➤ **Progress – research project proposal developed**

Problem Statement: An understanding of the current context of **public acceptance for the use and sharing of data to improve service** within and across levels of government is needed to inform future direction around intergovernmental data use in Canada.

Deliverables

- Environmental scan
- Literature review
- Analysis and application to Canadian context
- Phase 1 report with recommendations

Funding requested: up to \$60,000

Timelines: March - August 2020 (Phase 1)

Next Step: Discussion on funding proposal

Progress against Key Deliverables Since September 2019

4. Develop specific project proposal to document, explore and analyse the question of legislative barriers and data-sharing
5. Develop call to action on a legislative framework, privacy, and data sharing, and report to table with options

➤ **Progress – discussions with co-chairs and DDI working group to identify way forward**

Draft Problem Statement: An understanding of the current rules framework and specifically the legislative, policy and data sharing barriers which are affecting the advancement of key Joint Councils and PSSDC priorities is needed to inform future direction and next steps around addressing these issues.

Next Step: Draft research proposal for consultation with group

Summary: DDI working group key priorities 2020
