About DIACC - Strategic Goals

Our Collaboration Considerations

- Founded to recognize the vital role the the public and private sectors must play to solve digital identity that grows the economy and works in Canadians daily lives
- Collaborative culture – governments, academia, other bodies
- Recognizes that some activities are reserved solely for governments
- Seeks to optimize and support the IMSC relationship to develop PCTF artifacts
- Seeks to understand how DIACC could evolve to optimize IMSC collaboration
- Seeks to confirm collaboration license agreement for CIOSC near term endorsement of PCTF artifacts as national standards
- Seeks to explore project-based scope for collaboration with CIOSC

Pan-Canadian Trust Framework Model Visual Draft

This discussion draft model is developed by the TFEC community for the purpose of providing input to the PCTF. This model is not yet endorsed by the DIACC or the IMSC

Developing: Roughly 20 distinct artifacts (electronic documents)
