

PSCIOC Information-Sharing Template – February 2018

Information Sharing was prepared for the PSCIOC Meeting of February 2018 and not to be shared outside of the Council.

JURISDICTION: New Brunswick	Contact
<p>1. Accomplishments: Briefly highlight major IT/IM accomplishments, progress, and/or significant milestones achieved in your jurisdiction over the past 6 - 12 months.</p> <p>GNB has completed its draft <u>Digital Transformation Strategy</u>. The document is currently being socialized in preparation to being brought to Cabinet for approval.</p> <p>The project plan will see follow-up strategic planning documents prepared in the following areas:</p> <ul style="list-style-type: none"> • Enterprise Risk Management • Cybersecurity • IT Strategy • IM Strategy <p>-----</p> <p><u>MyLabs</u> - Also, currently underway is a design- thinking project with the concept of obtaining medical lab results over a smartphone or tablet. This is GNB's first foray into Citizen centric design using an agile approach to development.</p> <p>-----</p> <p><u>ERP</u> - GNB is in the first stage of a multi stage procurement process to obtain ERP software. Vendor demos have been completed, pricing analysis is underway and concurrent negotiations will commence in the new year.</p> <p>-----</p> <p>The <u>Province's Right to Information and Protection of Privacy Act (RTIPPA)</u> legislation has been updated and modernized. This is aimed at improvements with:</p> <ul style="list-style-type: none"> • RTI response, appeal, and compliance times • The investigation reporting process • Delegation of authority • Clarity around the collection and sharing of personal information required to provide services • Etc. <p>GNB is also considering moving the handling of RTI requests to a central services body. This will assist in ensuring that a consistent approach is being used and will enable better capacity and demand management.</p> <p>-----</p> <p><u>Digital ID</u> - GNB's Provincial Digital ID initiative is moving forward, a vendor has been sourced to move from a proof-of-concept to a production pilot in 2018. The vendor is developing the test environment as we currently. This environment will support two digital applications as part of the pilot</p> <p>-----</p>	<p>Gerry.fairweather@gnb.ca</p> <p>David.Barr@gnb.ca</p> <p>David.Barr@gnb.ca</p> <p>Fred.farrell@gnb.ca</p> <p>Robert.loughlin@gnb.ca</p>

	<p>As the development of a Centralized Digitization Program is underway, GNB is in the process of acquiring preservation software for the long term storage and preservation of digital information.</p> <p>-----</p> <p><u>Enterprise Risk Management (ERM)</u> – Obtain approval and publish ERM policy and Framework. Use a customer focus to show value, by collaborating with departments, when assistance is requested, to augment the newly implemented Budget submission risk process and enable departments to use risk information as decision support information for broader decision making</p> <p>-----</p> <p><u>BCP & DRP</u> – using a top-down / bottoms up approach, bring forward BCP policy and framework to provide directions, and engage/work with individual departments to provide value on a case by case basis to assist in the creation of BC / DR plans relevant to IT solution changes.</p> <p>-----</p> <p><u>Cyber Security Policy and Directives</u> - to approve and publish Policy Pro directives as the foundation for Cyber Security direction across GNB and document necessary processes for modifying / revising Cyber security directives into the future</p> <p>-----</p> <p><u>Cyber Security Strategy</u> – Complete and publish the Cyber Security Strategy, including planned priorities and implementation timelines. Move to execute the plan, with the goal of improving GNB's Cyber Security posture year over year.</p>	<p>Dwight.ganong@gnb.ca</p> <p>Diane.Bishop@gnb.ca</p> <p>Burt.shaw@gnb.ca</p> <p>Burt.shaw@gnb.ca</p>
<p>3. <u>Issues and Needs:</u> Briefly describe any issues you would like to share with the Council and what assistance you might be seeking from PSCIOC.</p>	<p>We would like to see a more formalized process within the PSCIOC structure in doing and providing information relating to jurisdictional scans. Currently the Policy sub-committee is used as the conduit for receiving and respond to surveys. This is done in a “best effort” and ad-hoc manner. Perhaps PSCIOC should form a separate sub-committee to champion this work.</p> <p>-----</p> <p>We would appreciate insights on moving Cyber/ERM policy/directives to the internet and hearing about any issues experienced with moving the material to the public area; for example copyright or sensitivity issues in particular. Note that education and awareness material in both Cyber and ERM are of interest.</p> <p>Any experience and insights that provinces have on overall IM governance frameworks and structures would be of interest</p> <p>-----</p> <p>.</p>	<p>Gerry.fairweather@gnb.ca</p> <p>Steven.pyett@gnb.ca</p>
<p>4. <u>Topics of Interest:</u> Please identify topics of interest to your jurisdiction for future PSCIOC meetings /teleconferences.</p>
