

PSCIOC Information-Sharing Template – February 2018

Information Sharing was prepared for the PSCIOC Meeting of February 2018 and not to be shared outside of the Council.

JURISDICTION: MANITOBA		Contact
<p>1. <u>Accomplishments:</u> Briefly highlight major IT/IM accomplishments, progress, and/or significant milestones achieved in your jurisdiction over the past 6 - 12 months.</p>	<p>Infrastructure Renewal Program Signed an agreement for Data Center Services. The agreement provides a stable, long-term environment for business applications. Requires a physical move to a new data center. This agreement is the first step toward implementing a broader strategy to consolidate all crown agencies and government data centers, and also has provisions to leverage cloud services. Implemented transition of Mainframe services from on-Premise to IBM's zCloud Services.</p> <p>To minimize risk, the relocation to the new Data Centre was scheduled in three phases. The first two project phases have been successfully completed:</p> <ul style="list-style-type: none"> ○ Phase One - Completed Development Environment Relocation ○ Phase Two - Completed Mainframe Environment Relocation ○ Phase 3 - Scheduled Main Production Environment Relocation <p>Workplace Technology Services (WTS) Completed the transition to a new Information Technology Service Management tool including Incident, Request, Knowledge and Asset management modules.</p> <p>Initiated the Windows 10 vitality project; Greatest impact to a government wide deployment of Windows 10 Desktop operating system is to business applications.</p> <p>Preliminary Assessment Initiative As part of the "Unified Intake" Program, introduced a centralized process whereby all Government of Manitoba requests for ICT systems and major enhancements are provided a 'Quick Estimate' of cost and effort. A brief, 'order of magnitude' estimate is provided early on, in the conceptual stage of a request, so that no further investment in time, money and resources is required should the request be deemed a low priority. This low cost/effort process has allowed Manitoba to identify and focus on priority ICT initiatives and work requests in an objective and transparent manner.</p>	<p>Darren Brothers Executive Director, (204) 945-2005 Darren.Brothers@gov.mb.ca</p>
