## 2. Priorities:

Briefly describe what your organization sees as its **top IT/IM priorities/initiatives over the next 12 to 36 months.**

*The PSCIOC is particularly interested in jurisdictional information in the following areas:*

- **Digital Government**
- **Cyber Security**
- **Talent Management**

### Privacy & Security

- Focus on security framework, operational policy work, and user awareness (12 months)

### Identity, client account, privacy

- New ATIPP Act will explicitly enable Yukon Identity program
- Working to have a working platform for Yukon Account and Identity by fiscal year end.
- Identity Service to be integrated to Drivers License, Health Card,

### 5 Year Capital Plan

- Developing 5 year capital plan for IT Capital across YG
- Centralizing of governance for all IT related work regardless of funding source

### Land Titles Information system

- 3 year project will come to fruition with launch in 19/20
- Approach to Digitization of Land Titles records

### New Yukon Web Site

- Bulk of content being re-written and brought forward in 2018/19 with view to deprecation of older web site.

### New Motor Vehicles & Transportation services solution

- Launch of phase 1 for internal business processes in Drivers Licensing and Vehicle Registry in January 2020

### Fibre Connection to provide redundancy for Yukon & NWT

- Up to \$80M project to connect existing transport fibre networks between Dawson City Yukon – Inuvik NWT

### IP Telephony (VOIP)

- Negotiated RFP closed and evaluations underway for proposed solutions

<p><b>3. <u>Issues and Needs:</u></b> Briefly describe <b>any issues you would like to share with the Council</b> and what assistance you might be seeking from PSCIOC.</p>	<p>Engage and Grow our local industry sector</p> <ul style="list-style-type: none"> <li>- innovative approaches to procuring those services (e.g. BC Dev Exchange <a href="https://bcdevexchange.org">https://bcdevexchange.org</a>)</li> <li>- creating opportunities for IT businesses to build new solutions (both government and citizen-facing) on our standard platforms and supporting existing solutions</li> </ul> <p>Business Continuity Planning</p> <ul style="list-style-type: none"> <li>- Data Centre evolution</li> <li>- IaaS vs internal</li> <li>- How does SaaS fit in?</li> </ul> <p>Business Intelligence/Big Data</p> <ul style="list-style-type: none"> <li>- How do we evolve to offer better business intelligence/analytics across government? Can we offer a service expertise that helps client departments with their business intelligence needs?</li> </ul> <p>Land Information</p> <ul style="list-style-type: none"> <li>- Framework to tie together Lands information (permits, titles, property assessment, planning)</li> </ul>	
<p><b>4. <u>Topics of Interest:</u></b> Please <b>identify topics of interest</b> to your jurisdiction for future PSCIOC meetings /teleconferences.</p>	<p>FPT 'Cloud Archiving solution</p> <p>Considering re-branding 'Identity' to something that reflects a government 'credential' amongst an emerging eco-system of 'credentials'.</p> <ul style="list-style-type: none"> <li>- Strategy around what values we want to offer in a digital world as basic infrastructure for our citizens so that they can participate with confidence in the global eco-system.</li> <li>- What is our Canadian government strategy for trust in eWallet (smartphone credential) amongst private sector</li> </ul> <p>Microsoft's, and others, helpful tools' (grammar, spell check, etc) sovereignty - today phrases, words, snippets, are sent to U.S. for analysis by AI's and/or humans.</p> <p>Canadian stance on email retention - power in adopting a common approach across many jurisdictions.</p> <p>Legally defensible digital record.</p>	

	eSignature standard.
