<p>2. Priorities: Briefly describe what your organization sees as its top IT/IM priorities/initiatives over the next 12 to 36 months.</p> <p><i>The PSCIOC is particularly interested in jurisdictional information in the following areas:</i></p> <ul style="list-style-type: none"> • Digital Government • Cyber Security • Talent Management 	<p>Privacy & Security</p> <ul style="list-style-type: none"> - Focus on security framework, operational policy work, and user awareness (12 months) <p>Identity, client account, privacy</p> <ul style="list-style-type: none"> - New ATIPP Act will explicitly enable Yukon Identity program - Working to have a working platform for Yukon Account and Identity by fiscal year end. - Identity Service to be integrated to Drivers License, Health Card, <p>5 Year Capital Plan</p> <ul style="list-style-type: none"> - Developing 5 year capital plan for IT Capital across YG - Centralizing of governance for all IT related work regardless of funding source - Centralization of IT Capital budget <p>eProcurement</p> <ul style="list-style-type: none"> - 2 year project to modernize procurement activities, improve public access to information, and to move to digital tendering <p>New Yukon Web Site</p> <ul style="list-style-type: none"> - Bulk of content being re-written and brought forward in 2018/19 with view to deprecation of older web site. 	

	<p>Fibre Connection to provide redundancy for Yukon & NWT</p> <ul style="list-style-type: none"> - Up to \$80M project to connect existing transport fibre networks between Dawson City Yukon – Inuvik NWT <p>IP Telephony (VOIP)</p> <ul style="list-style-type: none"> - Negotiated RFP closed and evaluations underway for proposed solutions 	
<p>3. Issues and Needs: Briefly describe any issues you would like to share with the Council and what assistance you might be seeking from PSCIOC.</p>	<p>Business Continuity Planning</p> <ul style="list-style-type: none"> - Data Centre evolution - IaaS vs internal - How does SaaS fit in? <p>Business Intelligence/Big Data</p> <ul style="list-style-type: none"> - How do we evolve to offer better business intelligence/analytics across government? Can we offer a service expertise that helps client departments with their business intelligence needs? <p>Land Information</p> <ul style="list-style-type: none"> - Framework to tie together Lands information (permits, titles, property assessment, planning) 	
<p>4. Topics of Interest: Please identify topics of interest to your jurisdiction for future PSCIOC meetings /teleconferences.</p>	<p>FPT 'Cloud Archiving solution</p> <p>Considering re-branding 'Identity' to something that reflects a government 'credential' amongst an emerging eco-system of 'credentials'. Identity sounds like something that we are claiming as fundamental to you as a person as opposed to a credential. It is used because in the IT world they have co-opted the word identity to mean authenticated to the authorized account.</p> <ul style="list-style-type: none"> - What is our Canadian government strategy for trust in eWallet (smartphone credential) amongst private sector - Canada should consider creating an independent agency with the independence legislated and transparent that would create separation from government (big brother), independency from business (exploiting 	

	<p>your personal information), and be facilitated as basic 'infrastructure' to protect and enable Canadian citizens in the digital age</p> <p>Microsoft's, and others, helpful tools' (grammar, spell check, etc) sovereignty - today phrases, words, snippets, are sent to U.S. for analysis by AI's and/or humans.</p> <p>Canadian stance on email retention - power in adopting a common approach across many jurisdictions.</p> <p>Legally defensible digital record. eSignature standard.</p>
