

PSCIOC IT PROCUREMENT COMMUNITY OF PRACTICE INFO REPORT FOR FEBRUARY 2020 PSCIOC MEETING

IT Procurement Community of Practice Overview

In February 2010, PSCIOC endorsed the creation of a working group to explore potential opportunities for inter-jurisdictional cooperation and collaboration for IT procurement. The Group functions more like a community of practice whereby the members reap value by collaborating and sharing experiences.

Mandate

The mandate as described in the Terms of Reference is to assess opportunities for the Government of Canada, and Canadian provincial, territorial, and municipal governments, to leverage existing and/or newly created I&IT agreements to the benefit of all participating governments and their citizenry.

2020 Meeting Schedule

Quarterly meetings are in the process of being scheduled for 2020.

Update as of January 31, 2020

- Vice Chair continues to remain vacant
- Ontario representative retired Dec 31st – no replacement identified as of yet
- Paul Glover, President, Shared Services Canada (SSC) has assigned a delegate to attend the Q1 Working Group meeting, where discussion will take place on the potential interest of piloting SSC's Cloud acquisition vehicle to support a Province or Municipality, and on what commodities would be of interest to Provinces and Municipalities since the previous engagement on SSC'S Notebook National Master Standing Offer generated very little interest from stakeholders due to a move to a DaaS (device as a service) model
- As discussed at the PSCIOC meeting of January 17th, the Working Group will transition to a Community of Practice this year

Respectfully submitted,
Kathryn Bulko
