

PSCIOC Information-Sharing Template – February 2020

Information Sharing is collected for the purpose of the PSCIOC Meeting of February 2020.

Information contained in this document cannot be shared without the approval of the member jurisdiction (author).

Administration :		Contact
1. Accomplishments: Briefly highlight major IT/IM accomplishments, progress, and/or significant milestones achieved in your jurisdiction over the past 6 - 12 months.	<ul style="list-style-type: none"> Physical move of all IT teams to one location (currently IT division resources are located in six different buildings). Completed September 2019. Continued rollout of Saskatchewan.ca account and validation of citizen/business existence. Move of all IT assets (in progress) from current data centre to new data centre and network service provider as they move/migrate all Government of Saskatchewan systems to new location and city. Completed minor reorganization to ensure Relationships Management, Service Management, and Service Design functions are grouped together. Also grouped Change Management and Project Management together. 	Vinay Chandramohan 306-526-7018 Vinay.chandramohan@gov.sk.ca
2. Priorities: Briefly describe what your organization sees as its top IT/IM priorities/initiatives over the next 12 to 36 months. <i>The PSCIOC is particularly interested in jurisdictional information in the following areas:</i> <ul style="list-style-type: none"> Digital Government Cyber Security Talent Management 	<ul style="list-style-type: none"> Working towards Pan Canadian Trust Framework (PCTF) for Digital ID work. Developing plan for a modern, secure, and supported Enterprise Resource Planning system for the enterprise (focus is on Oracle Cloud). Current state is two separate Financial Systems, with some capability for HR and Supply Chain. Review of IT Service Delivery Model including organization structure, services provided, and partnering with vendor community. Implementation of a Business Service Management framework. Continue migration to and implantation of Office 365. Focus on One Drive for Business. Implementing recommendations from Office of Information and Privacy Commissioner regarding Records and Data Management, Information Management, Freedom of Information practice, and Data Storage capabilities and policies. 	Vinay Chandramohan 306-526-7018 Vinay.chandramohan@gov.sk.ca

	<ul style="list-style-type: none"> Enterprise Security program to improve Government's IT risk profile and mitigate risks. Includes developing new governance structure for risk management, addressing web application security, domain consolidation, and implementing new security tools. 	
3. Issues and Needs: Briefly describe any issues you would like to share with the Council and what assistance you might be seeking from PSCIOC.		
4. Topics of Interest: Please identify topics of interest to your jurisdiction for future PSCIOC meetings /teleconferences.	<ul style="list-style-type: none"> Current economic climate and its impact on IT investments. Common measures to enable jurisdictional comparisons despite different structures, funding models, services, etc. Unsupported legacy systems and application modernization/replacements. Ongoing transition to cloud services. Information management, protection, privacy standards and expectations. Infrastructure Life Cycle Management Role Based Security Automation Ransomware Attacks (sharing proactive strategies, mitigation, and lessons learned) 	Vinay Chandramohan 306-526-7018 Vinay.chandramohan@gov.sk.ca
