ACTION ITEMS FROM PSCIOC IN-PERSON MEETING OF FEBRUARY 23RD, 2017				
#4	Mark Brisson volunteered to look into Microsoft 365 in regards to what this would mean for all of their services provided in a shared way from a cost and technology perspective (to better understand the magnitude of the issue and pitfalls).	Underway - progress report on the October 5th PSCIOC meeting agenda	Mark Brisson	
ACTION ITEMS FROM PSCIOC TELECONFERENCE OF JULY 24th, 2017				
#1	NCSIP Chair requested to provide information on the following topics at the October PSCIOC meeting: 1. In-depth view of election preparation; 2. How (format /process) where CIOs across the country can be better informed on a frequent basis on cyber security threats; 3. Approach on whitelisting and blacklisting and what is going on in each jurisdiction; 4. During the discussion on request #4 related to talent shortage, there was a question on “how can we help universities encourage cyber security as part of curriculum”; 5. What are governments doing in educating everyone on the political side and the non-political side at an FPTM level.	Underway - item on the October 5th PSCIOC meeting agenda	Martin Dinel, NCSIP Co-Chair
