

PSCIOC IT PROCUREMENT WORKING GROUP INFO REPORT FOR FEBRUARY 2018 PSCIOC MEETING

IT Procurement Working Group Overview

In February 2010, PSCIOC endorsed the creation of a working group to explore potential opportunities for inter-jurisdictional cooperation and collaboration for IT procurement.

Mandate

The mandate as described in the Terms of Reference is to assess opportunities for the Government of Canada, and Canadian provincial, territorial, and municipal governments, to leverage existing and/or newly created I&IT agreements to the benefit of all participating governments and their citizenry.

Update as of January 2018

Although this is a working group, it has largely been behaving as a community of practice. The members reap value by collaborating and sharing experiences.

The members agree the mandate of the IT Procurement Working Group doesn't directly support the Joint Councils priorities, nor the short term goals, that came out of the Framework Working group, and look forward to the recommendations resulting from the review.

Meetings for 2018 have not yet been scheduled, pending the outcome of the recommendations of the Framework Working Group.

Respectfully submitted,
Kathryn Bulko
