

PSSDC Service to Business Working Group Update

SEPTEMBER 26, 2019

S2B UPDATE AT THE JUNE PSSDC MEETING

- Clarified rationale for future working group priorities:
 - **External engagement plan for BN adoption:** Socialize with business the purpose and benefits of collecting the BN Number
 - **Digital ID for Business:** A prerequisite for improving service to business transactions
- Identified the need to further involve FPT business registrars in the S2B working group.
- Committed to request advice from FPT DMs Table on Service Collaboration on priorities at the June 20th meeting.
- Was awaiting the identification of a PT co-chair.

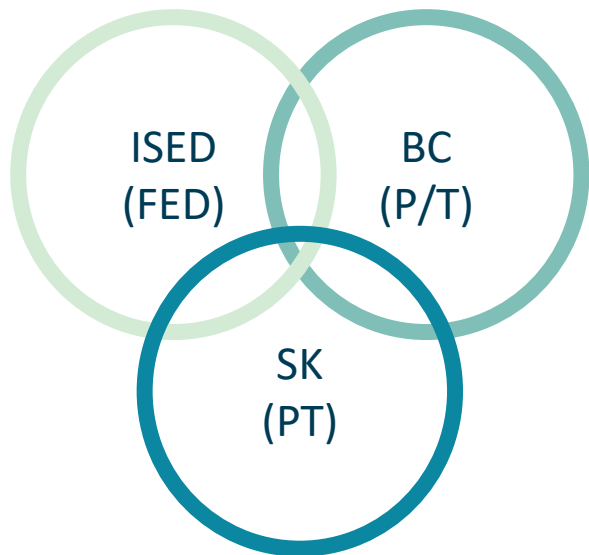

S2B UPDATE AT THE JUNE FPT DMs

TABLE

- Presented the BN Playbook and the challenges related to the Expedited Business Start (EBS) priority, and outlined how the group is pivoting to address digital identity for business.
 - Digital ID for business was identified as a key barrier for EBS.
- DMs supported the work of the group, saw the value of the priorities, and expressed strong support to including the right stakeholders, such as business registrars.

PROPOSED S2B CO-CHAIRS

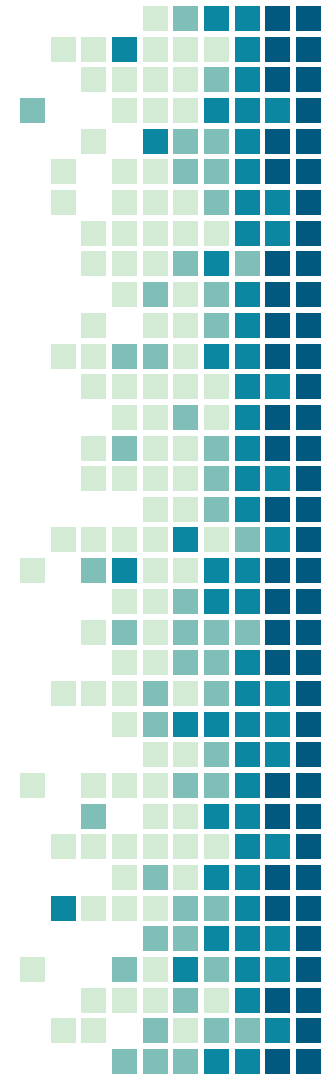

- BC identified **Carol Prest** as a new PT co-chair.
- Shortly after, SK also proposed **Catherine Benning** as a co-chair.
- The Co-chairs propose an amendment to the Terms of Reference at PSSDC to obtain approval of:
 - One federal and up to two PT co-chairs
 - Engagement with external parties
- Involvement of two PT co-chairs will help strengthen linkages with business registrars.

ENGAGING STAKEHOLDERS

- Co-chairs engaged the business registrars at the September 2019 CACLA meeting.
 - *CACLA is the Canadian Association of Corporate Law Administrators that represent the 14 FPT business registrars in Canada and are responsible for legislation governing matters of corporate law.*
- The engagement of business registrars is key to advancing key initiatives for service to business, such as digital identity.
- S2B will continue to engage business registrars.

NEXT STEPS

- Modify terms of reference to include one federal and two PT co-chairs.
- Renew membership and explore opportunities for further collaboration with business registrars and key stakeholders.
- Return to PSSDC with recommendations in the fall.
- In-person meeting for S2B to define initiatives.
